Susan Maher
Executive Director, Wellcore
286 Germonds Road
West Nyack, NY 10994

Dear Ms. Maher,

Since its inception, Wellcore has consistently provided Rockland County residents with the resources and funding necessary to ensure that all who call our community home have the right to access quality health care for themselves and their loved ones.

For some, the benefits of receiving medical care may be outweighed by the challenges many face with navigating our complex, and at times, overwhelming healthcare system. Wellcore employs a different approach; one that brings together local and state government agencies, non-profit organizations and other community partners to serve the needs of their clients.

In order to maintain these operations, Wellcore actively pursues grant funding and health curriculum development for grades K-12 that promote physical wellbeing. In the 38th Senate District alone, Wellcore has secured millions of dollars through the Drug Free Communities grant and the Community School Initiative grant, both of which allow Wellcore to continue their essential services in my district.

I strongly support Wellcore in their endeavors and value the services they provide throughout the communities of Rockland County.

Sincerely,

Senator David Carlucci
38th Senate District
